THREE QUALIFY FOR HANCOCK COUNTY CORONER’S RACE

BY GEOFF BELCHER
GENERAL MANAGER

Three people met the deadline last Friday to qualify for the Nov. 2 special election for Hancock County coroner -- Jeff Hair, Tina Stanfill and Mellissa Taillon.

Hair is a long-time law enforcement officer. Stanfill is a paramedic, currently serving with American Medical Response. Taillon previously served as Hancock chief deputy coroner.

Hurricane Ida evacuees from Louisiana crowded into Hancock County for gas, groceries and shelter last week, but now that the long lines have tapered off, local officials say it’s time for us to take more help to them.

“The electricity is getting restored in New

Orleans, so that’s making the demand lessen,” Hancock Chamber Executive Director Tish Williams said Tuesday, but “this past weekend, the entire Coast was booked, so it was difficult for people to try to find lodging over Labor Day.”

There are a number of different groups organizing relief efforts for our Louisiana neighbors, Williams said.

“The city of Diamondhead set out today to deliver supplies to Slidell, and the District Rotary Club is staging (a supply drive) at the Bay St. Louis Community Center. The Bay St. Louis Rotary Club is reaching out to the Houma Rotary Club to help with relief efforts there.

“The entire community is gearing up to do whatever they can for

whoever they can in these affected areas and it does your heart so good to see you our people are stepping up and paying it forward, because people came from all over the world to help us (after Hurricane Katrina) and now we have the opportunity to help others.

“We all remember how that felt, when some stranger would just show up and start cooking hamburgers. It’s very inspiring, our citizens just taking charge And they’re so close by, so that makes it our cause, basically, to reach out.”

Pastor Don Elbourne of Lakeshore Baptist Church said Tuesday that “in partnership with Feeding the Gulf Coast,” the church “will be giving away free groceries Wednesday morning, Sept. 8, from 9:30-12:00 or as long as supplies last. Its a lot of food, so come and tell your neighbors about it. This will be a drive through distribution in the church parking lot. Its another way we want to be a blessing to our community, in the name of Jesus.”

Lakeshore Baptist

Church is located at Lakeshore Road, BSL MS, 39520. For more information: <https://www.facebook.com/lakeshorebaptist>.

“There are so many groups out there that are stepping up,” Williams said. “it could be your church, it could be your neighbor, it could be a community organization. It might even be an individual —

Yuki (Northington) just filled up a bunch of gas cans and headed out and started handing out gas cans. Anything that you feel in your heart is the right thing to do, it will be so appreciated.”

Diamondhead Mayor Nancy Depreo said her city has joined with One Coast to organize a “carnavan to provide relief, supplies, and hot meals from September 13 -16, 2021.

“ Starting tomorrow, Sept.8, until Sept. 13, the City of Diamondhead will be accepting donations to be delivered to One Coast for the cities

HANCOCK ‘RETURNING TO NORMAL’ AFTER HURRICANE IDA’

BY GEOFF BELCHER
GENERAL MANAGER

Hancock County has just about “returned to normal” after Hurricane Ida last week, officials said, but the official damage estimates are still incomplete.

Fortunately, Hancock Emergency Management Agency Director Brian “Hooty” Adam said Tuesday, there are still “no reports of major injuries in Hancock County” after Ida blew through, but some homes were damaged by flooding and/or wind.

“I’m still working on the final number,” Adam said, “but I should hopefully have everything complete with in the next day or two. We just

finished dup damage assessment. We’ll have a full report for people in a few days.

As of Tuesday morning, Adam said, there were still 11 people seeking refuge at Hancock County-area storm shelters, including eight people from Louisiana and three from Hancock County.

Adam said anyone who had storm damage from Ida is asked to document it.

The Mississippi Emergency Management Agency is working directly with impacted counties to assess immediate needs. Citizens

Officials release identities in Pearlington shooting deaths

BY GEOFF BELCHER
GENERAL MANAGER

Hancock County officials on Wednesday released the identities of the man shot to death at Pearlington last Monday morning amidst flooding from Hurricane Ida, as well as the identity of the man who allegedly shot him and later died in an apparent shoot-out with sheriff’s deputies.

The victim has been identified as George Hobart Shaw. The man who allegedly shot him was Martin Luther Bowman, III, authorities said. Bowman was also known in the neighborhood as “Capt. Foo”

or simply “The Captain.” The men were apparently roommates.

Hancock deputies were called to the scene Monday morning — flooding from Hurricane Ida meant they had to approach the home on Kelly Road via boat.

“Upon arrival, Hancock County deputies, while attempting to investigate the call for service, made contact with a subject in the residence,” according to a press release from Hancock Sheriff Ricky Adam’s office. “An officer involved shooting occurred that led to the shooting death of one subject. Deputies found a second deceased male in the residence.

No deputies were hurt during the incident.”

A neighbor said the Incident apparently “emanated from a temporary rage and dispute over several large dogs being let into a well kept living area of the residential dwelling as Hurricane Ida came ashore,” and that the “four adults residing in separate rooms on the estate were not known to quarrel.”

The Mississippi Bureau of Investigation is investigating the officer-involved shooting, which is protocol in such cases.

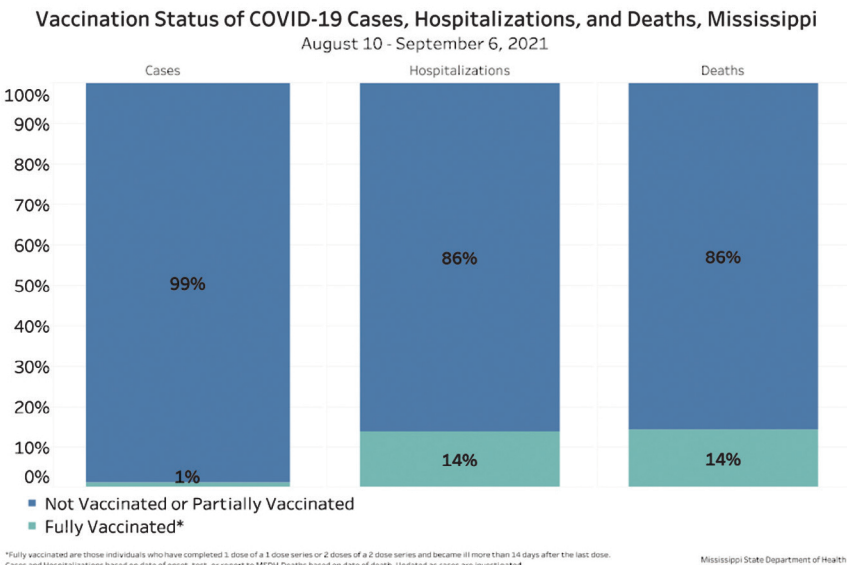

Officers of the Hancock County Sheriff’s Office are investigating the initial shooting.

Port & Harbor’s aerospace initiative wins economic development award

The Mississippi Economic Development Council (MEDC) recently announced that Hancock County Port and Harbor Commission’s aerospace strategy project won the 2020 Community Economic Development Award (CEDA).

The CEDA program is a “Best Practices” program intended to recognize exceptional contributions of communities in Mississippi for the following efforts: business retention and expansion, business recruitment, community development and community involvement.

Home to NASA’s John C. Stennis Space Center, Hancock County set out to become Mississippi’s cornerstone for space exploration and investment. Led by Port and Harbor Commission, the aerospace strategy aggressively marketed and leveraged the multimodal assets that contribute to the aerospace industry.

The Port and Harbor Commission invested over \$7 million to grow its portfolio of hangars and technology parks to support growth. The commission also assembled businesses, elected officials, local leaders and other stakeholders to build a partnership cluster with a common goal for the county.

Nurses are awesome!

Since the beginning of the pandemic, the majority of people have praised our healthcare workers for their commitment to providing the best care to their patients.

Then there are some, who have zero scientific knowledge, who have constantly harassed and bullied medical professionals simply because they either don't believe in the severity of the virus or are too fragile to wear a mask and social distance, or don't believe in the benefits of vaccinations.

But that's enough about the whiners.

Next week, Sept. 12 through 18, is designated Nephrology Nurse Week.

According to the American Nephrology Nurses Association's website, this week is set aside to "honor the dedicated nephrology nurses who care for patients with kidney disease."

For more than six years, the nurses at the Fresenius Medical Care facility in Diamondhead provided my dad with top-notch care while he was on dialysis treatments three days a week for almost four hours at a time.

And we have scientific breakthroughs to thank for dialysis treatments. It gave my dad the time to wait for a kidney transplant.

I never worried about my dad when he was at dialysis. During his first few visits, I was a nervous wreck. I didn't know much about dialysis and was scared to leave him somewhere alone for four hours.

But, those fears quickly dissipated once I realized how caring his nurses were.

It has to be a tough job at times.

However, dad's nurses were always joking with him, asking about the family — especially that nephew of mine — and inquiring when my mom would send some of her baked goods.

Even though dad is not on dialysis anymore and two years post-transplant, I am still grateful for the dialysis nurses in Diamondhead and I know their current patients are in great hands.

The transplant nurses at the main Ochsner Medical Center campus in New Orleans were just as fabulous.

They are tough, too. Their goal is to get their patients back on their feet as soon as possible. They also provide training and other resources for caregivers.

I believe it was only the second day post-surgery when the nurses handed over the counting

HANCOCK HISTORY; The Rotten Bayou Cemetery

In the 19th century, the old families in the Kiln buried their loved ones in the Rotten Bayou Cemetery on the high ground of what is now the city of Diamondhead. This land, owned by the Moran family, was donated by Felicite Moran Cuevas in 1893 in her will to the community for public use. This sacred ground of forty acres of Moran land has been used as a burial site for generations. Many of the graves were unmarked at that time. Felicite's husband, Francois Cuevas Sr., was buried there in 1863. He was the son of Juan De Cuevas, Sr., from Cat Island. Felicite Moran was the sister of Victor "Victaw" Moran (1824-1894) who is the ancestor of most modern-day descendants with the Moran last name in Hancock County. Besides John Basile Ladner being buried there with a modern headstone presenting a birthdate of 1850, the earliest tombstone is that

of Feliste's aunt Adele Ladner (1821-1851).

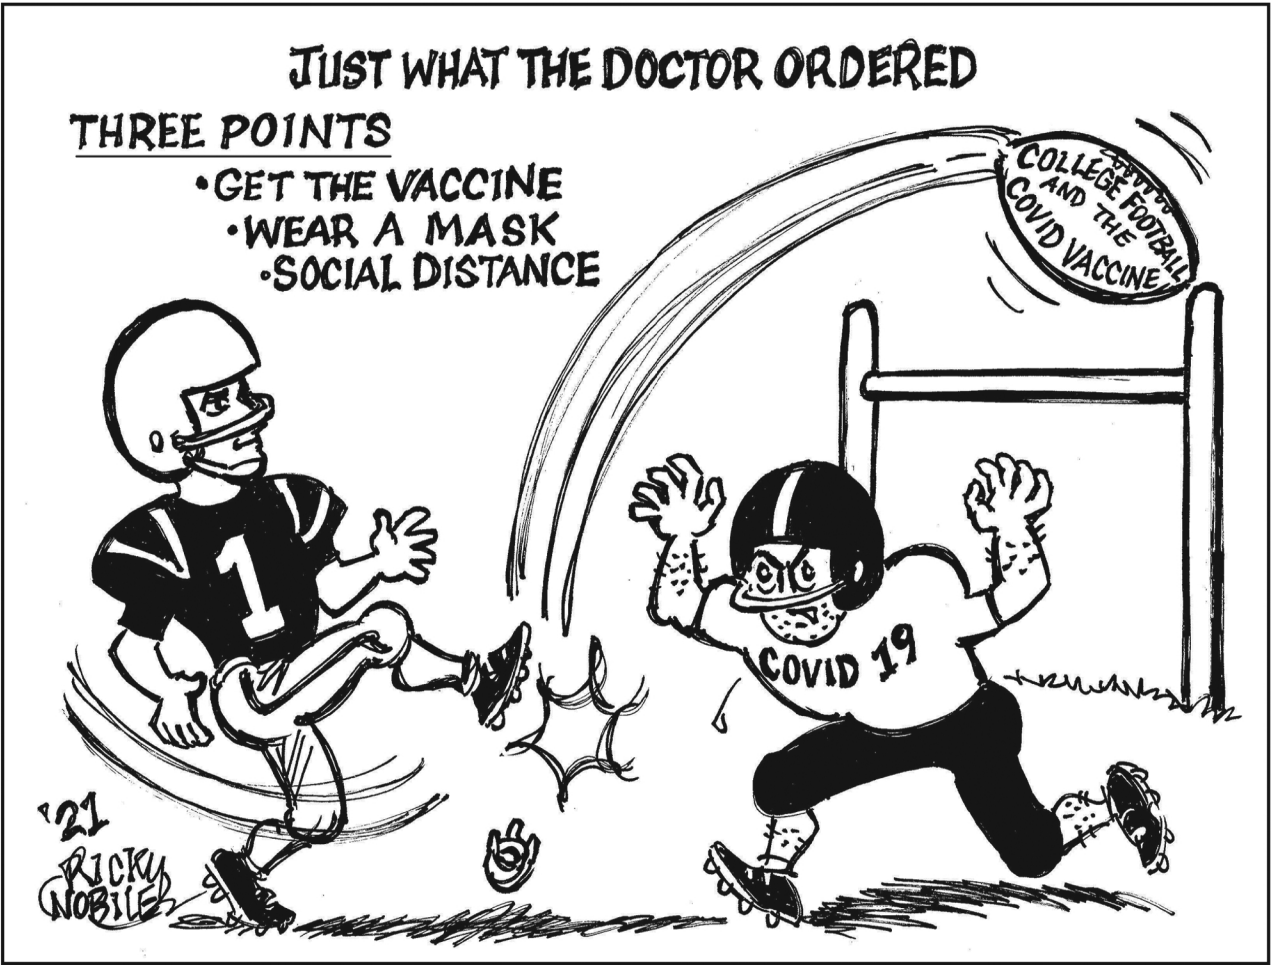

The Rotten Bayou site was essentially a family cemetery for the Moran, Cuevas, Ladner, Saucier, Dedeaux, Ne-caise, Hoda, Koenenn, and Lizana clans. Each plot was fenced in with wood, brick, chain-link or wrought-iron palings (fences made from pointed wooden or metal stakes). Using these traditional markers kept out farm animals wandering in open range territory. Early funeral processions before 1920 traveled by boat up Rotten

Bayou from modern day Fenton and often on the Jourdan River from the Kiln. An annual meaningful tradition on All Saints Day is a Mass that has been reinstated by Father Sebastin from the Annunciation Catholic Church. The Mass is held at the cemetery each year at the grave of Father Dennis which is located on Hoda "Hode" Hill on the southeastern part of the Cemetery. During the 20th Century, Annunciation Catholic Church held this mass and it was often attended by as many as one thousand relatives and friends.

The Widow Moran Land Claim is an interesting story about one of the first Moran inhabitants of Waveland. As mentioned before, Jean Baptiste Moran had a Spanish land grant for acreage in what is modern day Waveland. His wife, Marie Susanna Lochonne, inherited the land upon Jean Baptiste's death in 1811. They had

acquired 640 acres of present day downtown Waveland from Nicholson Ave. to Oak Street. An act of Congress confirmed her title to this tract of land in 1830. In 1821, she married Jean Ramon of New Orleans. After her death in 1837, a lengthy court battle ensued between her second husband, Jean Ramon, and Elihu Carver (1777-1855). Carver was a prolific surveyor of much of early Hancock County. He provided evidence that during the Widow Moran's lifetime she had transferred or assigned one half of this tract of land to him. In spite of that, the Widow Moran's second husband, Jean Ramon, contested that claim, which judgment he lost in the local Chancery Court and again lost in appeal to the MS State Supreme Court in 1856. This interesting bit of early Waveland history

Wicker Advances Sport Fisheries Legislation

Mississippi is very fortunate to have U.S. Senator Roger Wicker representing our great state and nation. He has championed the conservation and sportsmen's agenda since he was elected to Congress in 1994. He grew up in Mississippi's outdoors and values the important lessons and experiences people gain from it. He has consistently represented the interests of hunters, anglers, and gun owners by supporting policies that protect our Second Amendment rights, promote conservation, minimize burdensome or unnecessary regulations, and expand access to public lands and waters.

Like me, he values the importance of Mississippi's waters—whether to boat, fish for recreation, catch a mess for a fish fry, or just get away from everyone else during the

pandemic. Earlier this year, Senator Wicker introduced the Sport Fish Restoration and Recreational Boating Safety Act of 2021—a critical bill that will sustain the most significant funding for state-based fisheries conservation—in the U. S. Senate. It passed the Senate Commerce Committee on June 16. While moving it through Senate Commerce Committee,

Senator Wicker worked to safeguard the fund by ensuring that funding intended to increase access for recreational fishing and boating is not required to go through a burdensome approval process.

On August 10, the Senate passed the Infrastructure Investment and Jobs Act, a long talked about infusion of funding to rebuild our nation's infrastructure. It will not make the headlines, but this conservation bill was included within this large infrastructure legislation. Now the House of Representatives will need to act before it comes to the President's desk to be signed into law.

The Trust Fund is currently funded entirely by federal excise taxes paid on fishing equipment including tackle, motorboat and small engine fuel, electric motors, and

other equipment purchased by anglers and boaters. The bill will reauthorize the Trust Fund and ensure more than \$650 million is provided annually to fund state-based programs for sport fish conservation and habitat restoration, infrastructure for boating access and on-the-ground, state-driven fisheries conservation programs.

Additionally, it will provide for well-managed fisheries for the American public and secure a bright future for the \$23.6 billion fishing and boating industry while ultimately improving the efficiency of the Sport Fish Restoration Program. In 2020, nearly \$743 million was generated by the Trust Fund from fishing and boating-related excise taxes.

MDEQ Awards Solid Waste Assistance Grants to Harrison and Hancock Counties

SEA COAST ECHO

The Mississippi Department of Environmental Quality (MDEQ) awarded Harrison County a solid waste assistance grant of \$24,863 that will be used by the county for the collection of household hazardous waste and a \$51,500 two-year waste tire grant to continue the local waste tire collection program for small quantity generators of waste tires. Hancock County received a solid waste assistance grant of \$43,275 that will be used for the collection of household hazardous waste.

“The Solid Waste Assistance Grants support a variety of useful solid waste management activities for cities and counties, and these grants will assist these counties’ efforts in improving their management of solid waste,” said Chris Wells, MDEQ Executive Director.

Cities and counties may apply for Solid Waste Assistance Grants through the Mississippi Department of Environmental Quality. These grants are used by local communities for programs to prevent and clean up unauthorized dumps; to aid in hiring local solid waste enforcement officers; for public education efforts on solid waste disposal and recycling; and, to establish programs for the collection of white goods, bulky wastes and recyclables.

Funding for waste tire grants is provided by a waste tire account funded from a fee charged on the wholesale sale of every new motor vehicle tire sold in Mississippi. This fee provides the funds to ensure and encourage the proper management and disposal of waste tires.

Information about this grant program and other initiatives is available at www.mdeq.ms.gov/solid-waste-management-programs.

and distribution of his medication to us.

Since we were the ones who were going to be caring for him, we had to keep track of the medicine, especially his anti-rejection pills.

In the beginning, the doctors analyze blood results a lot so that they can adjust his medications accordingly. So we had to learn how to notate that and keep up with it.

And it’s not just nephrology nurses that deserve our respect, it’s all nurses. My dad has had numerous nurses over the years who have just been outstanding.

It’s easier to leave your loved one for the night at the hospital when you know they are in capable hands.

Now, more than ever, I think our medical professionals need our support. They have a tough job and it’s only been made harder by those who think watching a YouTube video or reading memes on Facebook makes him or her a medical expert.

I certainly wouldn’t take my dad to a YouTube Tuber’s home, a random Facebook person’s home, or a politician’s home for medical treatment. And I doubt that most would.

Because who do we turn to when we need medical treatment? Our hospitals, our doctors, our nurses, our scientists, etc.

Thank you to the nurses at Fresenius and Ochsner for taking care of my dad throughout his dialysis treatments and transplant. Thank you for taking care of him in a way that none of his family could. My family appreciates each and every one of you who contributed to his care.

NOTICE OF PUBLIC HEARING ON THE PROPOSED BUDGET AND PROPOSED TAX LEVIES FOR THE UPCOMING FISCAL YEAR FOR THE CITY OF BAY ST. LOUIS

The City of Bay St. Louis will hold a public hearing on its proposed budget and proposed tax levies for FYE 2022 on Sept. 8, 2021 at 5:30 p.m. at the Council Chambers, 598 Main Street, Bay St. Louis, MS 39520.

The City of Bay St. Louis is now operating with projected total budget revenue of \$24,683,785. 15.47 percent or \$3,818,953 of such revenue is obtained through ad valorem taxes. For the next fiscal year, the proposed budget has a total projected revenue of \$28,550,778. Of that amount, 15.72 percent or \$4,488,891 is proposed to be financed through a total ad valorem tax levy.

The decision to not increase the ad valorem tax millage rate for FYE 2022 above the current year's ad valorem tax millage rate means you will not pay more in ad valorem taxes on your home, automobile tag, utilities, business fixtures and equipment and rental real property, unless the assessed value of your property has increased for FYE 2022.

A millage rate of 22.92 mills will produce the same amount of revenue from ad valorem taxes as was collected the prior year. The millage rate for the prior year was 28.75 mills.

Any citizen of the City of Bay St. Louis is invited to attend this public hearing on the proposed budget and tax levies for fiscal year FYE 2022 and will be allowed to speak for a reasonable amount of time and offer tangible evidence before any vote is taken.

I commend Senator Wicker for his leadership on this critical legislation that will secure the future of our fisheries, that is so important to Mississippi and the rest of the nation. Ensuring robust funding for fisheries conservation and boating access is a top priority for many Mississippians. Now, this crucial conservation bill has cleared some major hurdles towards becoming law. Thanks to Senator Wicker’s efforts this summer, Mississippi’s hunters and anglers can feel confident that the state’s outdoors and wildlife will have the backing it needs to thrive for years to come.

Louis (presumably the precursor of the Lower Bay Road).

Sylvester Moran also reports that in his era nearly every cattle farm family around the Kiln, as well as in other sawmill towns, maintained ox teams. A team consisted of three to five pairs of trained ox. Some farmers also had timber wagons that had eight wheels (four in front and four in back) designed to transport heavy tree trunks. Even as late as 1982, a Moran descendant, Tommy Moran, of Lakeshore, Mississippi, found employment and profit raising and training oxen for use in the logging industry. Ox teams can “snake out” the recently felled timber in a dense forest without damage to the rest of the land. The use of ox teams with the skidder preserved the smaller trees that were not ready for harvest. Tommy Moran was the grandson of Vincent Paul Moran who married into the Ladner Family and settled in the Lakeshore area in the early 20th century.

about the Widow Moran has been well researched by the historian Russell Guerin.

Sylvester Moran was born on August 21, 1893, just north of the Orphan Creek bank, about four miles northwest of the Kiln. He wrote in a family history that at a young age his father moved to a farm south of the Gainesville Road presumably in the Lakeshore area. Historically, cattle farmers have raised large herds of cattle in the Ainsley/Lakeshore area. His family owned 150 head of cattle at that time and 160 acres of good timberland. Sylvester reports that in 1898 a snowstorm with a depth of twenty-four inches caused the death of seventy-five cows. Incidentally, the Gainesville Road in 1893 was a wagon train between Gainesville and Bay St.

Louis (presumably the precursor of the Lower Bay Road).

Sylvester Moran also reports that in his era nearly every cattle farm family around the Kiln, as well as in other sawmill towns, maintained ox teams. A team consisted of three to five pairs of trained ox. Some farmers also had timber wagons that had eight wheels (four in front and four in back) designed to transport heavy tree trunks. God is our refuge

By **C. GERALD RICHARDSON, D. MIN.**

The Psalms of the Hebrew Scriptures provide many insights and words of encouragement for people of many backgrounds and faiths. One passage which has come to mind recently is from Psalm 46. It begins as follows:

God is our refuge and strength.

An ever-present help in trouble.

Therefore we will not fear,

Though the earth give way

And the mountains fall into the heart of the sea.

These words have

seemed profoundly relevant in the past few weeks as the Covid virus has wreaked havoc with so much of life, and the relevance has increased as Hurricane Ida has added an additional layer of stress and danger to our experience.

While we do not have mountains in southern Mississippi, it sometimes seems that falling into the heart of the sea could be a real possibility, and that the giving way of the earth might be more than a metaphor.

As these words are written, Ida is moving

C. Gerald Richardson, D. Min.

north, clean-up is underway, damage is being assessed in our area, and once again, people are working to rebuild and restore their lives. It is a good time to remember

and affirm that first line in the Psalm. “God is our refuge and strength”.

What do those words mean to us?

The truth is that their meaning is as diverse as the people who read them. Just as human beings live their lives and understand the world in various ways, so we understand and experience God in ways which address our needs and the circumstances of our lives. This is not to suggest that the nature of God is pliable and can be molded to fit our own fancies. It is, however,

important to remember that our relationship with divine reality is shaped by current reality. As the old hymn reminds us, when the storms of life are raging we need to know that there is one who stands by us.

An important prayer for these days of struggle and strife is just at this point.

May God help us to embrace the refuge and strength which is available to those who will respond to it.

This does not answer all our questions, even though we would like

that. Nor does it take away our problems, however pleasing that would be.

The great promise of spiritual faith is not that it makes trouble disappear, but that it provides assurance that whatever may come we do not have to face it alone. It has been said that the greatest preposition in scripture is the little word “with”. This is the hope of Psalm 46. The one who is our refuge and strength is WITH us. We can be thankful for that.

Meet Findley.

This cool dude is a 2 to 3 year old Labrador Retriever/Great Pyrenees mix. Findley is a super sweet boy who would be an awesome companion for a single person, couple or active retirees looking for a larger breed dog for companionship and love. He is good with the other dogs, and he quickly bonded with our staff & volunteers. Despite his size, Findley is rather calm natured, and enjoys leisurely walks and sunning himself in our doggie play yard. This smart boy sits on command, especially for treats! He will also introduce himself to you with one of his soft, gentle paws. He may indeed be house trained, as he keeps his kennel clean. We hope this handsome chap will find his forever family soon. He is ready to commit to the perfect family. If you are interested in meeting Findley, please call our front desk at 228-466-4516, (Mon-Fri 10am-4pm), to schedule an appointment. (Please bring your dog(s) and children along for the visit to ensure compatibility.)

from death certificate reports. Ninety-three cases were reported in Hancock County over the three-day period.

Hancock County's total now stands at 6,794 with 99 COVID-19 related deaths.

“Mississippi’s total of COVID-19 cases since March 11, 2020 now stands at 453,348 with 8,685 deaths,” according to the agency’s statement on Tuesday. “There are now 146 active outbreaks of COVID-19 in long-term care facilities (where an outbreak is one or more cases among residents or staff).”

Six deaths occurred between Sept. 4 and Sept. 6. Fifteen deaths occurred between Aug. 4 and Sept. 1, identified from death certificate reports.

As of Sept. 2, the MSDH reports that 1,438 Mississippians are hospitalized with confirmed infection; 452 patients in ICU; 40 patients hospitalized with suspected infection; and 348 patients on ventilators.

The MSDH updated public health guidance for mask use in public indoor settings.

“The Delta variant is much more contagious, and spreads twice as easily compared to other strains,” State Epidemiologist Paul Byers said. “The overwhelming majority of cases, hospitalizations and deaths are among unvaccinated persons, though there have been some infections, hospitalizations, and deaths seen in fully vaccinated persons. Some fully vaccinated persons who become infected may be contagious.”

Aligned with the Centers for Disease Control and Prevention (CDC) guidance, the Mississippi State Department of Health (MSDH) recommends the following steps for all Mississippians to control the spread of COVID-19:

- Get a COVID-19 vaccine if you are eligible.
- MSDH recommends everyone (including those who are fully vaccinated) wear a mask in public settings.
- If you test positive for COVID-19, even if fully vaccinated, you should isolate for at least 10 days after the beginning of your symptoms or 5 days after your test date if you have no symptoms.

- If you are exposed to someone with COVID-19, you should get tested 3-5 days following exposure. If you are not fully vaccinated,

ROCKS JUMP OUT TO BIG LEAD BUT HOLD-FAST TO PRESERVE A 35-25 VICTORY OVER LONG BEACH

Photo by Richard Gleber

SSC wide receiver Canye Bankston (2) breaks free from Harrison Bull (11) on his 43-yard touchdown reception from Alex Fabra in the Rocks' 35-25 victory over Long Beach on Friday night.

STAFF WRITER

The Saint Stanislaus Rock-A-Chaws (1-0) kicked off the 2021 season on a winning note with a 35-25 victory over the Long Beach Bearcats on the road Friday night. This was the 40th meeting between the two squads and with the victory the series is now tied at 20-20.

It was a slow start for SSC on the first two possessions but on the third possession, Kyle Stegall woke up the Bearcats with a punishing 24-yard run followed by Davien Lagarde's slasher for 13 yards. Three plays later, Alex Fabra found Canye Bankston for a 30-yard scoring toss with 3:35 left in the first quarter. Freshman Even Noel split the uprights on the PAT making the score 7-0.

Two possessions later, Fabra found Bankston again for a 43-yard scoring toss that took just 13 seconds off the clock. Noel made the score 14-0 with the PAT.

After a strong defensive stand led by Joe

Bradford, Jacob Bradford, and Spencer Cornell, the Rocks took over near midfield.

Big gains by Lagarde and Stegall were nullified by penalties and the Rocks tossed an interception that was returned to the SSC 30 yard line. However, Long Beach fumbled the ball back to SSC on the interception and gave new life to the Rocks.

Lagarde ripped off a 45-yard run followed by Stegall with a 12-yard gain. Two plays later, Fabra his Ja'Kobe Cameron with a 15-yard scoring aerial with 2:37 left before halftime. Noel converted on the PAT for a 21-0 lead.

Long Beach answered the call on the ensuing possession with a big 41-yard gain from Charlie Starita to Anaru Jones. Two plays later, Colt Busby scored from one-yard out with 1:16 left in the first half. The PAT by Ashton Rupert was good making the score 21-7.

The Rocks had one more shot before intermission and Stegall took advantage of it with a bruising run down the

Bearcat sideline for a 64-yard score with 17 seconds left before half-time. Noel's PAT made the score 28-7.

It was a tale of two halves for SSC, though. As smooth as they looked in the first half, cramps and execution woes hurt them in the second half and allowed the Bearcats to come close.

After a strong defensive showing by SSC on the first possession of the second half, Long Beach pinned the Rocks at their own 12 yard line.

The Rocks went on a 13-play drive that took off over nine minutes on the clock but they came up empty on the board.

Consecutive drives with turnovers by both teams occurred before Lagarde was able to add to the Rocks' total with a 12-yard scoring run with 9:34 left in the game. Noel converted on the PAT to make the score 35-7.

On the ensuing possession, Zamarious McNickels ripped off a 38-yard run down the middle of the Rock defense that allowed Busby to score from 11 yards

out on the next play with 7:01 left in the game. The PAT missed leaving the score 35-13.

On the first play of the following possession, Jones picked a fumble and returned it 25 yards for a Bearcat touchdown with 6:39 left in the game. The two-point conversion failed leaving the score 35-19.

After stuffing SSC on the next possession, the Bearcats had their best drive of the game. Busby commanded an 11-play drive that culminated in a two-yard run by McNickels with 29 seconds left to play. The two-point conversion failed leaving the final score of 35-25.

SSC head coach Nate Encrapera commented, "There are things we can be proud of tonight and things we are not proud of. The problems of cramping we had tonight can be solved before the next game. However, we have to do a better job of execution in several areas. Yes, it is the first game of the year but there are things that we must be doing better. Simple things like lining up properly, special teams execution, etc. That is on us as coaches and we have to do much better. There is a different animal coming to our stadium next week and

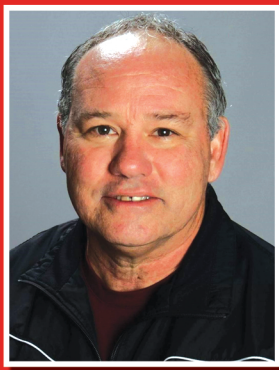

we cannot afford those breakdowns next week. We are 0-0 on Sunday and we will get back to work."

The Rocks were led by Fabra who threw for 235 yards and three touchdowns on 16-for-30 passing. Stegall rushed for 118 yards and a score on 13 carries while Lagarde added 114 yards a day a touchdown on 14 carries. Bankston had two catches for 73

yards and two scores and Cameron added five catches for 49 yards and a score.

On defense the Rocks were paced by Ryan Tyler, Heith Shinn, Brady Logan, and Chesley Rhodes who all had five tackles.

The Rocks will host Pensacola Catholic 'between the walls' on Friday night. The Crusaders beat SSC 34-26 in their matchup two years ago.

Tigers stunned by 3rd quarter Bobcats assault

BY MAURICE SINGLETON

The Bay High Tigers kept the Sumrall Bobcats on a leash for just about two quarters, but the Bobcats broke out in the third quarter, scoring 27 points over a span of just over nine minutes. The Bobcats closed out the Tigers 41-14 in Sumrall on Friday.

The Tigers' defense corralled the Bobcats throughout most of the first half, forcing two punts and holding the home team to a missed field goal attempt on their third possession. But with just over a minute remaining before halftime, senior standout quarterback John Ford, completed two passes, the first a 17-yard play to Brandon Harrison, and

Bay High head coach Kellie Gunn stated, “We played our best match of the year against Stone. Calomese, Godbold, Favre are all having solid senior seasons. We are still young with nine freshmen in the rotation. I am proud of this group and how they are coming together.”

Hawks soar to 20-10 victory over Bulldogs

BY DWAYNE BREMER
CONTRIBUTING WRITER

The Hancock Hawks opened their 2021 football season Friday with a 20-10 victory against the home standing Vancleave Bulldogs.

“It was a great way to finally get the season going,” Hancock Coach Neil Lollar said. “A lot has happened in the past three weeks.”

Hancock took control of Friday’s game from the opening kickoff. Vancleave attempted an on-

sides kick, but the Hawks recovered and had great field position at midfield. After a first-down run, Cameron Miller busted up the middle for a 29-yard run to the six. Miller scored in the next play and Finn Cowan added the point-after to give the Hawks a 7-0 lead.

Later in the first, Hawks quarterback Brandon King connected with Todd Dedeaux for a 43-yard touchdown pass. Cowand’s extra-point made the score 14-0.

Vancleave answered

with 10 points in the second quarter to tighten the score to 14-10.

With just over a minute to play in the half, Hancock’s Pierre Fowler restored the Hawks’ two-score lead with a 17-yard touchdown. The point-after failed, leaving the score 20-10.

Both teams would go scoreless in the second half, and it was the Hawks defense that collected three turnovers to seal the win.

Cowan recovered a fumble and intercepted a

pass at the goal line with a minute to play.

Offensively, King threw for 216 yards and rushed for 48 more. Both Miller and Fowler rushed for more than 75 yards.

The Hawks will host Greene County this Friday for their home opener.

extend the lead to 14-0.

The Tigers made what turned out to be a huge mistake on their first possession of the second half, going for it on fourth down with two yards to go at their own 44 yardline. The Bobcats defense made a tackle in the backfield, taking over 40 yards away from their next score. On their third snap of the possession, Ford connected with Dedeaux again, this time for 33 yards for the score and a 21-0 lead with just under eight minutes remaining in the third quarter.

The Tigers closed the gap on their next possession as Xander Ladner would connect with Noah cutter on a 79-yard scoring toss to put the game within reach at 21-7.

But on the very next play from scrimmage, Ford showed the Tigers another side of his game. With Tigers’ defenders leaning to the outside, Ford broke through the middle of the line of scrimmage and outraced the field for a 91-yard keeper and 27-7 lead with 5:34 remaining on the third quarter clock.

The Tigers gained a net of one yard on their ensuing possession and were forced to punt again. The Bobcats started their possession at midfield, and on

their eighth snap of the possession, Ford connected with Dedeaux for 20 yards and his third touchdown of the night with 1:53 remaining on the third quarter clock. The Bobcats led 34-7.

“They hit us on a big play right out of the gate in the second half,” said Tigers coach Jeremy Turcotte. “They’re a quick strike team.

“This is 100% on me,” Turcotte added. “We should have done somethings differently to prepare our guys. But we’re going to stick with our young guys. We are going to live and die with these guys.

“We needed a game like this against a spread team,” Turcotte continued. “We are going to get back and prepare for Long Beach, another spread team.”

The Tigers added their second score of the night on a 6-yard Fisher DeCamp keeper. Avery Harris’s second PAT kick closed out the game’s scoring.

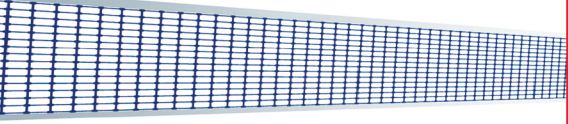

Cutter led Tigers’ rushers with 108 yards on 17 carries. DeCamp finished with 38 yards and a touchdown. Cutter also led the Tigers in reception yardage with 79 yards and a score. Ladner tallied 119 passing yards, completing 5 of twelve attempts for a touchdown and an interception.

The Tigers (1-1) host Long Beach this Friday at J.D. McCullough Stadium Tank Williams Field.
